

Photograph/Video Consent

Falcon recognises the need to ensure the welfare and safety of all young people in gymnastics. We will not permit photographs, video, or other images of children/young people to be taken without the consent of parents/carers. Falcon will take all possible steps to ensure these images are used solely for the purposes they are intended. If you become aware that any images are being used inappropriately you should inform a Club Welfare Officer immediately.

Occasionally, Falcon may take photographs of gymnasts or record some or part of their activities. We may use these images as part of internal training purposes or in other printed publications that we produce. We may also use them on our website and Facebook/Instagram page. If we use photographs of individual gymnasts, we will not use the name of that gymnast in the accompanying text or photo caption. If we name a gymnast in the text, we will not use a photograph of that gymnast to accompany the article.

To comply with General Data Protection Regulation (GDPR), we need your permission before we can photograph or make any recordings of your child.
